

Wyresdale Weddings *Pricing Guide*

How to *Book* your Wedding at Wyresdale

Booking your wedding at Wyresdale could not be simpler! Following your tour, you can reserve a date to give you plenty of time to work through your plans and ask any questions. Once you are ready to secure your date you have two options:

1. Book Venue-Only which includes exclusive use of the wedding barns, The North Wing for the night before your wedding and the Honeymoon Suite and ten bedrooms for the night of your wedding. If you choose this option you will need to contact The Striped Kitchen directly to book your catering and also get booked in with Bluebells & Daisies (or a florist of your choosing). Your drinks package will also be booked separately through Wyresdale Park.

OR

2. Book our Inclusive Wedding Package which is priced for 80 guests and includes all of the above, plus your food, flowers and Wyresdale house drinks package. A full breakdown of what is included can be found at the back of this pricing guide. If your numbers are not fixed at 80, please read our FAQs which will explain your options further!

Your wedding date is secured via a deposit payment which is one quarter of the venue hire fee (listed in this document). The rest of your instalments are paid at three regular intervals across the contract period. If you book a wedding package, the final payment will include the payments made on your behalf to the suppliers.

You are then a fully fledged member of our Wyresdale family! You will be introduced to our lovely wedding team and also be able to add on any additional on-site accommodation you might need.

Remember we are here to help at every step of the way!

Any Questions?

We have answered a few of your frequently asked questions below (but if we have missed anything we are always here to help!)

What is included in the inclusive wedding package?

The wedding package includes your food, drinks and flowers for 80 adult guests. A full breakdown can be found on the Package page further in this document

I am interested in the wedding package but my numbers are under 80?

Our wedding packages set for 80 guests so if your numbers are under this, you will need to book venue-only and price up your food and drink for your specific number of guests (prices can be found further in this guide). Flowers can be arranged directly with Bluebells & Daisies who are based at Wyresdale - or with another florist of your choosing

And what if my guest numbers are over 80?

Not a problem - additional guests are charged individually (see our food and drink pricing further in this document)

Is the food menu fixed if I book the all inclusive package?

Our delicious menu is our standard catering option for both venue-only and our inclusive wedding packages. However, The Striped Kitchen are foodies through and through and love nothing more than talking to our couples about their wedding breakfast ideas - from five course fine dining to bespoke personalised menus. Do chat with them directly after booking!

I might need more flowers than are included in the package?

You will have a consultation with Bluebells & Daisies after booking and you can talk through any extras you might need - they also have styling items for hire which can be very useful!

Are children included in the numbers for your wedding package?

No, the prices are for 80 adult guests only. We have a menu specially designed for smaller appetites and are happy to provide complimentary jugs of cordial or water

How do I book additional accommodation?

Once you have secured your wedding date, we will be in touch to outline the accommodation available to add onto your booking. This is all managed through yourselves so you can ensure your nearest and dearest are on-site!
